MEMORANDUM FOR: The Director

SUBJECT : Interagency Memorandum: Turkey After  
the US Arms Cutoff

1. Here is the result of our effort on Turkey. OCI and OSR did CIA's drafting.
2. You may wish to consider sending a note, like the one attached, with Dr. Kissinger's copy. Incidentally, Ambassador Macomber will arrive this weekend in Washington for consultations and, presumably, for some lobbying with Congress.
3. In view of President Ford's interest in this subject, you may also wish to ask  to carry a copy along tomorrow morning. The NID could perhaps also publish some of the memorandum after a day or two.
4. I shall keep copies #1 and #2 and hold back dissemination of all others until I hear from you.
